

WHAT THE ALCOHOL INDUSTRY DOESN'T WANT YOU TO KNOW ABOUT SOLVING UNDERAGE DRINKING

Raising alcohol taxes reduces underage drinking and traffic deaths

Realistic messages on drinking and its health consequences reduce underage drinking

On September 10, the Institute of Medicine released a national report on underage drinking. The alcohol industry and its front groups tried to discredit the report and the independent scientists who worked on.

To view the truth and join the fight to reduce underage drinking, visit: www.alcoholpolicysolutions.net.
